Dear Neighbor,

HCL does not presently receive three Twin Cities alternative periodicals, each of which contains distinctive news and opinion:

+ARISE!

+DAYBREAK!

+FREE PRESS IN THE TWIN CITIES

I warmly recommend that the library subscribe to all three as a means of collecting and making accessible important local information and viewpoints not otherwise found in the orthodox or mainstream press. Such subs would make real the Library Bill of Rights mandate to stock the widest possible spectrum of social and political thought and activity.

I look forward to a prompt reply.

With best wishes,

Samford Berman
