Dear Friends,

Here's another candidate for the reading list on senior sexuality (June 19-July 2): Still Doing It: Women & Men Over 60 Write About Their Sexuality (Down There Press, 2000). Edited by Good Vibrations' founder, Joani Blank, it contains 35 personal accounts of seniors' past and present sexual activity, including gay, lesbian, bisexual and "straight" experiences.

With libidinous regards,
